

Attend NOAA's Virtual Career Fair

NOAA's National Ocean Service sent this bulletin at 08/26/2021 01:05 PM EDT

Attend NOAA's Virtual Career Fair

The National Oceanic and Atmospheric Administration (NOAA) is hosting a Virtual Career Fair on Tuesday, August 31, 2021, from 12:00 pm - 2:30 pm, Eastern Time. The Career Fair showcases career opportunities at NOAA, and is free and open to the public. Learn how NOAA achieves its mission to understand and predict changes in climate, weather, oceans, and coasts, and to protect Earth's precious natural resources.

We invite you to register for the Career Fair and to join us in enhancing life through science. We have a wide variety of career positions with advancement opportunities that may be an excellent fit for you. Watch [this short YouTube video](#) to learn more about NOAA's diverse career opportunities, and plan to attend the Career Fair.

What career paths does NGS offer?

- **Geodesists:** use land surveys, remote sensing and satellite technology to determine the location of points on the Earth within millimeters. Many NOAA geodesists undertake research projects, and others directly support the public.
- **Cartographers:** produce and improve charts needed for safe navigation through U.S. waters.
- **Physical Scientists:** work closely with cartographers and geodesists, to complete research projects; develop guidelines to use NGS products; and collaborate with the broader scientific community.
- **Information Technology (IT) Specialists:** provide information systems needed to accomplish the NGS mission. Our IT specialists often collaborate with scientists to create new online tools.
- **Program Analysts:** support the NGS mission, including preparing budgets and evaluating policies.
- **Administrative Positions:** include communications, property management, and records-management specialists, to help NGS execute its mission.

Surveyor at the top of the Washington Monument in Washington, D.C., for a 2014 survey to determine the precise position of the monument's peak.

Consider telling students about potential career opportunities at NGS and throughout NOAA. There are **internship and fellowship programs** including:

- [The Pathways Program](#) (many disciplines, for current students and recent graduates)
- [Hollings Scholarships](#) (many disciplines, for undergraduate junior/senior)
- [Knauss Fellowships](#) (executive and legislative positions, for post graduate school)

How do I apply for a job at NGS?

All jobs are posted on USAJobs: <https://www.usajobs.gov/>.

This site allows users to search for available jobs by job category, pay level, and location. NGS also uses its News subscription list to distribute vacancy announcements.
